

**TROVACAM 3** | SMART 4G DASHCAM

The TrovaCam 3 is a crucial tool for ensuring safety on the road and guarding against illegal activity. With clear 1080p FHD video recording at 30 frames per second on a wide angle, 160 degree lens, the TrovaCam 3 dash camera is able to capture every detail. It will automatically detect collisions and save those video files for later so you do not lose them. For anyone who spends a fair amount of time traveling on the road, it is a must-have product.

The TrovaCam 3 records both inside and outside of the vehicle. The front camera monitors at FHD 1080p, including a 140 degree adjustable viewing angle to capture the road with full color video, allowing you to capture license plates clearly whether it is day or night. The inside camera has a light sensor, as well as an IR night vision feature for crystal clear video anytime of the day.
